

The Massachusetts Association of Campgrounds and The Northeast Campground Association are excited to announce the next stop on the NCA Great Escape tour. On Wednesday, October 13th & Thursday, October 14th NCA members will be gathering in Plymouth, Massachusetts for two great days. Campgrounds from across the Northeast will travel to our host property, Sandy Pond Campground to reunite with peers, experience the area and celebrate the close of the summer camping season in the Northeast. This annual event has brought campground operators together since 1984 and NCA is extremely proud of this tradition. **Special for 2021 is the addition of two exclusive hours for our supportive product and service providers to re-connect with NCA members.*

This is a great opportunity for your business to be a participating sponsor and be visible to all in attendance. Interested campgrounds can also support the event through sponsorship. Over the past several years an average of 50 campgrounds have participated in a single fall get-away and MACO and NCA will work diligently over the next several months to bring even more campgrounds to this important reunion event.

Current VIP Business Members (\$995 annual fee) will have access to two complimentary registrations to the Great Escape, company listing in the program book, ability to provide literature for Welcome Bag at no cost, and complimentary table space at the afternoon cocktail hour reception to share product and service information with all attendees.

Current Regular Business Members (\$395 annual fee) will have access to one complimentary registration to the Great Escape, company listing in the program book, ability to provide literature for Welcome Bag at a discount, and discounted table space at the afternoon cocktail hour reception to share product and service information with all attendees.
